Many people say that you can tell alot about a person by the company that they keep. A close look at the key supporters of Janice Keating will tell you much. These people are certainly "Titans of Industry," but they really don't represent the average person in Modesto. They are all about development, big bucks, and getting the taxpayers to pay for as much of it as possible. That is what I think Janice Keating is all about as well. WELCOME TO THE SABATINO REPORT
 October 5, 2006
 The following supporters want you to elect Janice Keating for Supervisor: George Petrulakis, Midge and Mike Zagaris, Dianne and Arnold Gazarian, Edna and Ronald Malik, Paula and Duke Leffler, Susan and Art Azevedo, Martha and Gary Conner, Building Industry Association of Central California, Central Valley Association of Realtors, and Central Valley PAC.

 -----KEATING VIOLATES BROWN ACT WITH BACK ROOM DEALS
 CONFESSES TO DEPUTY DISTRICT ATTORNEY BRAD NIX ABOUT CRIST FIRING
 At the time of the Jack Crist firing Janice Keating was quoted as saying she "struggled long and hard over this". (The decision to fire Crist) This is not the case. The following is from the transcript of Janice Keating's interview with Deputy District Attorney Brad Nix.

NIX: OK: KEATING: How could one person have so much power? How could one person have such fright in these people that they could ignore the majority? And I told Jack Crist that four times. And I said you're gonna get burned
 NIX: Um: KEATING I said, I've got three votes, Jack Crist, and all I need is another one. Keep it up. Keep... keep disregarding us and acting like we're not here and we're not important. Go ahead. I'm not gonna shed a tear when after the city's come down in a shambles around us, which is what it looks like to me. Everything's falling apart. It is obvious that Janice Keating violated the Brown Act when she solicited Mayor Carmen Sabatino's vote to fire Jack Crist., and has revealed that "We did a lot of things Carmen didn't know about"
 What is the real Janice Keating record? More on October 9th
